Newport-based adviser Saran Allott-Davey has been selected by the Welsh horse riding team after completing a 700km charity trek.

Davey (pictured), managing director of Heron House Financial Management, was set to compete in the Home International Endurance competition at the Royal Welsh showground last weekend.

She completed a charity trek across mountains and the coastline with daughter Isobel, raising £1,000 for the Microloan Foundation, which funds small loans to women in Africa.
